

To help celebrate the 10th anniversary of the competition, schools are warmly invited to enter into the spirit of partnership and organise their own Country Debate with other participating schools. The Country Debates will be followed by an International Schools Debate & Teacher Champions Exchange.

DEBATE TOPICS

Primary Schools Debate – *Our vision: Partnerships for a sustainable future*

Students aged 7-11 will collaborate together in assigned groups (Governments, Businesses or Citizens), and then across groups, to develop a shared vision for a sustainable future.

Secondary Schools Debate – *To achieve the UN SDG's, global partnerships are more important than local ones*

Students aged 11-17 will work together in assigned teams to develop group presentations, either for or against the motion, followed by counter-arguments, rebuttals and closing statements.
